K3, K4, & K5 promotion 9:30am in the Sanctuary

Dear HVCS Families and Friends,

Our 3rd, 4th, and 5th graders have been hard at work all week rehearsing for the Talent Show! You are all invited to join us in the gym tonight at 6:30pm to see our singers, gymnasts, jump-ropers, and pianists take the stage; our 5th graders will end the night with a special act. We are excited to welcome back two of our alumni from the class of 2016 - Lauren Bailey and Maggie Viall, who will be our hosts for the evening. The show will run 30-40 minutes.

It will be a quiet day at HVCS tomorrow as four of our classes will be away on field trips. The 3rd and 4th grade will be headed to Nashville for the day. 1st and 2nd grade will be spending the day at the zoo. Please send a sack lunch for the field trippers. If you are planning to be here for lunch, please note that we will have just one lunch period, at 11:30am, for K3, K4, K5, and 5th grade.

Circle will be up in the Sanctuary tomorrow as the rest of the 5th grade will present their Alligood essays. We will also take a moment to pray over our graduating class. On Monday, we will welcome the newest inductees into the National Elementary Honor Society. Join us for Chapel if you can!

God bless,

Emma

Spotlight for 3rd grade

To close the year in science the third grade is studying the digestive system. By studying a pair of false teeth we have studied the location, names of the teeth, and their purpose with a set of false teeth. My third graders, who were divided into groups, also learned about the esophagus by measuring and cutting a panty hose the length the esophagus which is ten inches. Then, they took turns by timing how long a plastic egg, strawberry, and some corn took to exit the panty hose esophagus. From Mrs. Grimes

Remember to send a sack lunch with your child on May 24th, Monday.
